Morah Devoiry

Dovi, Yosef Tzvi and Nesanel welcomed Braidy – the story braid – to our class. Braidy helps us retell and develop stories in a hands-on manner. We learned that each story can have a Braidy (character) in many different forms. We also got to know the star (setting) icon on Braidy. We certainly hope this will help us become first class story tellers!

Rabbi Moldaver

I'm so proud of *Yehuda* for always smiling, learning how to ride a bike without training wheels and for putting a lot of time and patience into practicing the Brachos for his Aliya to the Torah on Simchas Torah! *Chaim* has become a great davener and is very friendly. I am especially proud of him for being Mevater a lot! *Avi* is always #1 in line up and follows rules so nicely. On his own, he took paper towels to wipe off all four wet swings on the playground and threw out the paper towels in the garbage. *Nesanel* surprised me the other day by getting all the boys, after recess, to open their siddurim and have their fingers on the place to begin davening! *Yisroel Yaakov* comes off the bus every morning with a big smile and a happy "good morning Rebbe" to start our day. *Yosef* is friendly and shares the bikes with others. He also has learned how to throw a football really well! *Dovid* is very flexible when it comes time to pick his options at recess time! *Mordechai* has become a very good listener and always helps me put the bikes away in the shed and lock them up. *Yosef Zvi* adds a happy atmosphere during recess and shares his winning smile with others. *Zorach* is a great listener, big Mevater and radiates happiness constantly. *Yaakov* is an amazing davener and gets along nicely with everyone. *Zev Tzvi* has become a good listener and I was so proud one day when he took off his sweater and gave it to someone who was cold. *Yaakov Meir* is great at sports and shows respect and friendship to all his classmates. *Dov Ber* helps keep the Yeshiva clean – any opportunity to make his classroom neater – he is there with a smile.
